

Please call for an RA number: 1-800-926-3277

NOTE: Please do not use the Postage Paid label to return values exceeding \$100. For values exceeding \$100, your return will need to be fully insured. You may package and visit your local post office, or use your own carrier account such as USPS "Click-N-Ship". If you are returning defective merchandise and incur postage expense, you may request for your postage to be credited to your account, or call for Concept to generate a label for you. (Credit for postage expense incurred will be for the least expensive option. Overnight shipments will be reimbursed at the lower rate option unless pre-approved.) Thank you for being a Concepts Customer. Questions or if we may help further, please let us know. Phone: 1-800-926-3277
